ANUSHKA SINGH

Lucknow, Uttar Pradesh | +91 9569728135 | maheksingh5694@gmail.com

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Science student graduating in 2027, with a strong foundation in Object-Oriented Programming, Data Structures, and Algorithms. Proficient in Java, Python, and C++, with a keen interest in software development and scalable technology solutions. Strong problem-solving and analytical skills, with the ability to understand broadly defined problems, design efficient solutions, and write clean, reliable code. Eager to collaborate with cross-functional teams, learn emerging technologies, adapt to new technical environments, and contribute to building high-quality software solutions.

EDUCATION

Bachelors of Technology (CSE) | Babu Banarasi Das Northern India Institute of Technology, Lucknow | 2027
Class XII | City Montessori School, Lucknow | 2023
Class X | City Montessori School, Lucknow | 2021

INTERNSHIP EXPERIENCE

Core Java & Advanced Java – GRAStech | Lucknow | June 2026 – August 2026
■ Completed a 90-Hour Project-Based Training in Core Java & Advanced Java at BBD Campus, Lucknow, gaining practical exposure to Java programming and application development.
■ Developed Java applications using Object-Oriented Programming (OOPs), Collections, Multithreading, and Exception Handling to
strengthen core programming and software development skills.
■ Built database-driven projects using JDBC connectivity and MySQL, gaining hands-on experience in backend integration, database connectivity, and data management.
■ Gained practical experience with Servlets, JSP, and development IDEs such as Eclipse, understanding their use in real-world
Java application development.

PROJECTS

VOICE BASED AI ASSISTANT | Python
■ Built a Python-based Voice Assistant inspired by AI assistants such as Siri and JARVIS, designed to interact with users through
both voice and text input.
■ Developed an interactive assistant workflow capable of receiving user commands, processing inputs, and generating appropriate
responses for a smooth user experience.
■ Applied Python programming and basic AI concepts to create a practical voice-based application, strengthening skills in automation, user interaction, and problem solving.

CERTIFICATION & TRAINING

■ Ignite for Entrepreneurs – India | Wadhwani Foundation – Business Ideation, Business Modelling, Venture Development.
■ Learnovate Enterprises – India – Soft Skills training focused on communication, professional development, and workplace effectiveness.
■ YUVA AI For ALL – India – AI Basics, Machine Learning, Ethical AI.

CORE COMPETENCIES

■ Programming: Python, Java, C++
■ Technical: Object-Oriented Programming, Problem Solving
■ Computer Science: Data Structures & Algorithms, Database Management
■ Development: JDBC, MySQL, Servlets, JSP, Eclipse
